

*\$1.7m settlement officer involved shooting*

After entering Mr. Rodriguez's arm, the round impacted Mr. Rodriguez's left humerus, shattering it into many pieces. An x-ray film of the damage is depicted to the left.

...ce of the round, ...es of bone, and ...om the round ...it wound on Mr. ...ft triceps.<sup>5</sup> A ...e exit wound is the right.

Additionally, the round would have had delivered a significant impact, causing Mr. Rodriguez's arm to move. This movement at the moment of impact would impact the location of the blood evidence on the exterior of the residence. Attached as [Exhibit 5](#) is an animation illustrating the wound. Attached [Exhibit 6](#) are stills of the materials relied upon for the wound analysis.
